

*thuse electronics P. Ltd.*

## **Dependable EMS source**

- **As a ODM / OEM**
- **As a Total Turnkey EMS**
- **As a Job-Work EMS**
- **From Design to Mass Production.....**

# ***Our Factory Building At Bhosari MIDC***

# Quality First

ISO 9001 : 2015 Certified Company

Product

# LED Tube Lights Saves Upto 72% Power

- Operates in 100V-320V AC Range
- Withstands Upto 4KV Surge

- Available in 1ft, 2 ft, 4 ft Sizes
- Power options: 5W, 10W, 19W

*Product*

# *LED Street Lights Saves Upto 72% Power*

*Available  
in  
12W to  
150W*

- Operates in 100V-320V AC Range*
- Withstands Upto 4KV Surge*

Product

# *LED Solar Street Lights FreePower\**

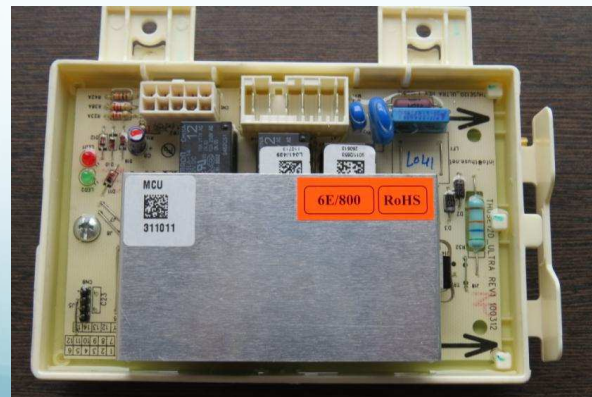

***Available  
in  
6W to 50W***

- *Ideal For Remote Locations*
- *No Need of Electricity*

# Timeline Combo

Astronomical / Pre-Settable Street Light Timer

## Highlights

- Truly Astronomical - Seasonal Variations in Sunrise/Sunset Timings Taken Care Of
- Configurable as Astronomical OR Pre-Settable Timer
- Saves Power/ Saves Money
- Manual Override, Manual Time Offsets
- 440V Tolerant, Optional Hi-Low Voltage Trip

## User Settings

- Current Date, Time, GMT Offset
- GPS Co-Coordinates of Installation Site
- Manual Time Offsets, Manual Bypass
- ON Time - OFF Time in Pre-Settable Mode
- Hi-Low Voltage Trip Levels Settings, Hysteresis Voltage, Startup & Recovery Delay
- Wifi Credentials Settings

## Applications

Streets

Parking  
s

Corrido  
rs

Staircas  
e

Garden

# The Problem

Now which period?  
When did I ring last bell ???

Bellman absent...Why should I work ???

Period is over...  
Why no bell yet?  
!!!

# The Problem

My wife is  
tensed..!

Water comes at 11am at  
the time I will be in the  
Office who will start the  
machine ????

Who will  
OFF the  
machine ??

# The Solution

## Timeline Multi / Event Timer

**“Timeline Multi is a fully automatic pre-schedulable timer to ON/OFF the Electric Loads .”**

Product

# Timeline Multi

## MultiEvent / School Bell Timer

enables Scheduled and event based auto control of Appliances

Product

# Smart Plug

## Features

- **Hi-Low Voltage Cutout. 440V Tolerant Design.**
- **Protects appliances from voltage fluctuations by disconnecting power when input voltage is very high – When Un-controllable by Stabilizer.**
- **Handy-Pluggable construction**
- **Available in 6A & 16A Models**

16A Pluggable

16A With Cord

6A Pluggable

## Applications

Washing M/c

Dish Washer

Micro-Wave Oven

Fridge

TV

Home Theatre

Set Top Box

Laptop

## Platform Capabilities for vast Use-Cases

- **Wi-Fi Module Connectivity & Data Logging to Cloud**
- **GSM / GPRS Module Connectivity & Data Logging to Cloud**
- **RF Module Connectivity & Data Logging to Cloud**
- **Interconnectivity between Wi-Fi + GSM - GPRS + RF till cloud.**
- **Cloud to multiple clients connectivities and various controls from clients.**
- **Clients could be anything - PC or Tab or Smart Phone**
- **Customised Applications to suit end requirements**
